

2017 IEEE COMMUNICATION THEORY WORKSHOP

June 11-14, 2017
Natadola Bay, FIJI

Organizing Committee

General Chair

Stephen Hanly
Macquarie University

Technical Program Chair

Iain Collings
Macquarie University

Finance

Robby McKilliam
Myriota

Fundraising Chair

Salman Avestimehr
University of Southern California

Poster Co-Chairs

Jamie Evans
University of Melbourne
Philippa Martin
University of Canterbury

Publicity Co-Chairs

Harpreet Dhillon
Virginia Tech
Chunshan Liu
Macquarie University

Advisory Board

Jeffrey G. Andrews, *UT Austin, USA*
David Gesbert, *EURECOM, France*
Robert Heath, *UT Austin, USA*
Angel Lozano, *UPF, Spain*
Matthew Valenti, *West Virginia Univ., USA*

IEEE CTW 2017

The workshop will be held at the superb Intercontinental Resort on the beautiful Natadola bay in tropical Fiji from June 11-14, 2017. Natadola bay is around 60 km from Nadi International Airport and is one of the many breathtaking tourist destinations within Fiji.

The continued success of this annual workshop lies in its informal and highly interactive atmosphere. The goal of this year's workshop is to explore research at the intersection of theory and practice. Participants will include experts from both industry and academia. A focus of the workshop will be on broad discussion of the future of communications. As always, the workshop will be single track, with five technical sessions, three plenary speakers, two panel discussions, and a poster session focused on hot topics (see below).

Call for Hot Topics Posters

The technical program committee is soliciting contributions for an afternoon poster session devoted to recent results. We especially encourage students and junior researchers to participate. There will be no published proceedings. Any contribution in the general area of communication theory is welcome.

Extended abstracts (2 pages maximum, double column, IEEE style) for the poster session should be submitted with **CTW 2017** in the subject to Jamie Evans at jse@unimelb.edu.au and/or Philippa Martin at philippa.martin@canterbury.ac.nz.

Electronic submissions must be in PDF format and provide sufficient details for careful reviewing.

Important Dates

March 20, 2017
March 24, 2017

Extended abstract submission deadline
Acceptance notification
